Test Name	CPT Code	Result	Units	Reference Range
Hemoglobin A1C	83036	6.1 H	%	3.8 - 5.9
Calculated Glucose from HbA1c		123 H	mg/dL	70 - 110

Your doctor must interpret the results of your Hemoglobin A1c test results and together with your doctor you should establish your next Hemoglobin A1c goal. Remember the results of this test reflect an average blood glucose level during the last 2 to 3 months. Testing your Hemoglobin A1c is not a substitute for regular visits to your doctor. You must consult with your doctor to discuss the above results.

If you have any questions about your test result, call a BIOSAFE nurse toll-free at 1-888-700-8378 Mon to Fri, 8 a.m. to 5 p.m. Central Time.

Testing should not replace regular visits to your doctor. **Never adjust your medication before you consult with your doctor.**
